Final Contest Rules - Version 1.1.2 April 12, 2022

This document represents the Final Version 1.1.2 of the World Barbershop Quartet Contest Rules submitted to the SPPBSQSUS Board of Directors on April 12, 2022.

It has been developed, in conjunction with the Barbershop Style Team (Team Leader: Steve Delehanty) by the Contest Rules Team: (Jay Giallombardo (Team Leader), Kenny Hatton, Bobby Gray, Jr., Scott Brannon, George Gipp and Ken Buckner)

SPPBSQSUS - Worldwide Barbershop Quartet Contest

Official Contest Rules (Version 1.1.2 dated 4-11-2022)

Contest Rules Development Team Members:

Jay Giallombardo (Team Leader), Ken Hatton, Bobby Gray, Jr., Scott Brannon, George Gipp, Ken Buckner

1. Definition of Competitors:

Each contestant shall be a member of the organization and each quartet shall consist of four (4) male singers.

2. Style Definition:

Barbershop quartet music is a style of four-part a cappella singing with some particular characteristics.

- The four parts are called lead, tenor, baritone, and bass.
- The melody is sung by the lead, with brief transfers to other singers permitted.
- The tenor sings a harmony part which is almost always above the melody.
- The bass almost always sings below the lead part.
- The baritone sings notes in the middle which complete the chord.
- Barbershop music is primarily homophonic.

Polyphonic passages are not only permissible but a musical necessity, as the creative use of embellishment is an essential part of the barbershop style, including:

- call & response
- swipes
- echoes
- bell chords
- back-time
- patter refrains
- rhythmic propellants
- sustained or rhythmic neutral syllable support of brief solo passages.
- melodic embellishment
- brief solo passages

Short portions of a song may be sung by fewer than four voices for effect and musical contrast.

The style is characterized by songs sung predominantly in English with clear, relatable lyrics and easily singable melodies. Harmonically the songs should largely suggest the use of major and minor chords with frequent use of barbershop seventh (dominant and secondary dominant seventh) chords which resolve around the circle of fifths and sometimes other resolutions. The music should have an easily discerned tonal center and a balanced, symmetrical form. Thus, the song's arrangement, and by implication the arranger, play an important part in creating the presentation of the song and closing it effectively.

3. Panel Selection – (Grand Poobah):

One (1) Grand Poobah (GP) shall be appointed by the Contest Committee Chairman. The GP shall have the overall responsibility for judging and contest scoring (i.e., the manager of all aspects of the actual contest; judge orientation, judge score tabulations, computer operations, and any other aspects of the contest event such as decisions handling distractions/issues that

may occur during the contest).

4. Panel Selection (Shepherds):

Three (3) members, certified by the organization's "Style Definition Team" will be appointed by the Grand Poobah in conjunction with the Style Definition Team Leader. These men will be known as the "Shepherds of the Style." One of the Shepherds will be designated as the "Chief of Staff" (COS) Shepherd of the Contest. The Shepherds may confer, but all three must fail the performance unanimously, to disqualify any quartet. **(See Attachment C for detailed information regarding the Grand Poobah and the Shepherds.)**

5. Panel Selection (Judges):

We will ask our members in attendance to volunteer to serve as judges as they arrive to register for the convention on Thursday. The volunteers will attend an orientation at the convention site, in advance of the competition. Any Volunteer who has a relative or a quartet he has coached within the previous six (6) months in the quartet competition will be declined. The Grand Poobah will then determine how many judges are to be assigned to each round of competition and will draw at random the names of the judges for each round. The Shepherds will be the same for all rounds of a contest, but the volunteer judges may be different for each round. The Grand Poobah has the option to include up to three non-member, celebrity judges to be a part of the judging panel.

6. Panel Selection (Timer):

The Grand Poobah shall appoint one (1) volunteer to serve as Timer. His sole responsibility will be to time the quartet's performance from entrance to exit and record the time on the appropriate "Time sheet form". [See Attachment C for maximum time requirement and penalty for going over the allotted time]

7. Panel Selection (Computer Operator):

The Grand Poobah shall appoint one (1) qualified individual to operate the Computer Application Ranking System which shall produce all required reports, forms, and documents required and will tabulate the Official results of the Contest.

8. Traveling Trophy:

The first-place quartet is to be sworn as "Keeper of the Terry Clarke Memorial Trophy," which is to be made in his image, in honor of Terry's lifelong dedication to excellence in barbershop quartet performance, fairness and irreverence toward the outcomes of contests. The expense of this trophy is to be paid by donations from members and non-members of the Society.

Contest Rules Development Team Members:

Jay Giallombardo (Team Leader), Ken Hatton, Bobby Gray, Jr., Scott Brannon, George Gipp, Ken Buckner

Additional awards (ribbons, medals, pins, certificates, rings etc.) denoting categories of placement may be awarded by the Society to the participants.

9. Exclusion:

Non-members of the Society are to be excluded from entering the competition.

10. Limited Quartet Field:

The first contest will be open to the first twenty-five (25) quartets who register. Before a quartet registration is submitted, all four men must be Members-In-Good-Standing of The Society. A system will be set up (in advance of the contest announcement), to receive contest registrations electronically. In the event two or more registrations are received at the same time, the maximum number of quartets approved can be increased by the Grand Poobah. Additional quartets who register will enjoy status as "Standby Quartets." In the event of a scratch by a registered quartet, a Standby Quartet will be invited to take its place, in order of contest registration.

11. Registration Form:

The Worldwide Traditional Barbershop Quartet Contest Registration Form must include the names, membership numbers and voice-parts of the four singers, as well as the official song title(s), copyright owner(s), composer(s), lyricist(s), and copyright date(s) of the song(s) the quartet plans to sing in each round of competition. The form also awards ownership of the quartet's contest performance rights to the Society, for the purposes of audio and visual recording sales, including hard copies and on-line digital recordings.

12. Permissions:

The Society will procure ASCAP, BMI and/or such other licenses necessary, to cover the songs' (protected works') performance-rights. Permission to arrange and to make copies of sheet music is the responsibility of each competing quartet, who will hold the Society harmless in the event the quartet should violate any copyright-laws.

13. Number of Songs & Time Limits:

In the Semi-final Round, each quartet will sing one song, to be held on Thursday of convention-week, at a time and place to be announced. In the Final Round, the top ten (10) quartets will perform two songs on Saturday of convention-week at a time and place to be announced. The eleventh-place quartet will serve as mic-testers for the final round. Stage time for a one-song round cannot exceed four and one-half (4.5) minutes, and stage-time for a two-song round cannot exceed nine (9) minutes.

14. Ranking System:

Each quartet performance will be scored by the judges. The scores will be entered into the computer system which shall tabulate ranking, points and placement. The quartet will receive points commensurate with each individual Judge's ranking. **(See Attachment A - Ranking System).**

15. Late Arrival:

Any quartet who does not enter the stage immediately after the MC calls the quartet name three (3) times may be moved to the end of the contest. The quartet will be razed without mercy by the Master of Ceremonies during their introduction.

16. Categories:

There are no judging categories. Judges know which quartets they like better than others. Preferences may be based on any criteria, with the exceptions of race, religion, ethnicity, nationality, or sexual orientation.

17. Performance Rules:

The Shepherds may disqualify for any violation related to spoken words and song selection inappropriate to the Barbershop style and performance. Disqualification must be unanimous among the three Shepherds. **(See Attachment B – Performance Rules)**

18. Disturbances:

In the event a disturbance (caused by other than the competitors) creates a distraction in the opinion of the Grand Poobah, he will offer the quartet the option to perform again, without penalty, after the other competitors are finished. In that event, the quartet must accept the ranking of its subsequent performance.

19. Eligibility of Champions:

Any member of our Society's First-Place quartet is ineligible for subsequent competitions, unless his new quartet includes three men who have never finished first in a Worldwide Barbershop Quartet Contest sponsored by the Society.

ATTACHMENT A – RANKING SYSTEM SCORING

OVERVIEW

Definitions:

- Score: The value given to a performance by a judge in the range of 1-100
- Rank: A highest to lowest sequencing of the judges' scores (also called preference)
- Points: A fixed quantity of values awarded based on judicial rankings

Benefits:

A Ranking system has the benefit of providing Audience-Selected judges their "preference" based on their personal criteria of musical quality, fun, excitement, and enjoyment rather than prescribed scoring system of specifically evaluated musical and performance criteria. The Average person determines his level of enjoyment which is, in part, a reflection of the entire audience. The "ranking points," awarded for preference, based on score, have a fixed value. Other favorable rankings from judges can accumulate, and the total points provide placement ranked on the judicial preferences of all judges.

SCORING

1. Judges will score each performance with a number from 1-100 (per performance; not per song).
2. Judicial preference is indicated by the following:
 - A. A higher score is more favorable
 - B. A lower score is less favorable

RANKING

3. Each judge's score, from highest to lowest by computerized sorting, produces 11 potential ranks for each quartet and calculates **Total Rank Points** based on these fixed values:
 - A. 1st Rank receives 11 points: judge's 1st score
 - B. 2nd Rank receives 10 points: judge's 2nd highest score
 - C. 3rd Rank receives 9 points: judge's 3rd highest score
 - D. 4th Rank receives 8 points: judge's 4th highest score
 - E. 5th Rank receives 7 points: judge's 5th highest score
 - F. 6th Rank receives 6 points: judge's 6th highest score
 - G. 7th Rank receives 5 points: judge's 7th highest score
 - H. 8th Rank receives 4 points: judge's 8th highest score
 - I. 9th Rank receives 3 points: judge's 9th highest score
 - J. 10th Rank receives 2 points: judge's 10 highest score
 - K. 11th Rank received 1 point: judge's 11th highest score
 - L. No Rank receives 0 Points

POINTS

4. In the Semi-finals 25 Quartets shall be scored by each judge.
5. The judges' Top 11 scores will have the ranking points accumulated to produce Total Points.
6. With up to 15 judges, many quartets will receive high, mid, and lower ranks from 1, more, or even all of the judges.
 - A. A Quartet could receive the maximum of fifteen (15) 1st rankings totaling: 166 points
 - B. A Quartet could receive 3 different ranks, 1st, 3rd, 5th, totaling: 27 points
 - C. A Quartet could receive no ranks, totaling: 0 points
7. A Semi-Final Points Ranking Report is generated by a proprietary software program that fixes the rank based on the judicial scores and judicial preferences. It is reviewed and certified by the Grand Poobah.
8. It is possible (though highly unlikely) that the final computer rankings could produce a tie. In that event, the tie will stand and both groups shall be awarded the position with the position below left unawarded. The exception will be for First Place where there will be a judged one (1) song sing-off for the Gold Medal. The judges for the final round will serve as judges for the sing-off.
9. Any Time Keeping Penalties (resulting in zeroing a quartets points) are reviewed, approved, and applied before the Top 11 is ready to be determined.
10. The Top 10 quartets with highest Point Totals are qualified for the Top 10 Finals
11. 11th place winner will be designated the Mic-Tester

SELECTION OF THE TOP 11

12. Top 11 are selected from the Top 11 Point Totals based on judicial scoring ranks
13. Official Top 10 selection is approved by the Grand Poobah (GP) and provided to the MC for Announcement.
14. Order of Appearance for the Top 10 is by hat draw
15. 11th place is awarded the honor of Mic-Tester for the Top 10 Finals
 - A. Mic-Tester shall sing 1 song, first, before the Top 10 finals begin.

QUARTET PLACEMENT

The Computer Awards Ranking System software produces a **unique number of award points*** for every performance based on the basic premise of "Judicial Preference". (*see "tie" exceptions outlined in Paragraph 8 above)

Judicial preference, indicated only indirectly from judges' scores, creates these determinations, arriving at a final quartet placement.
