When the lights are low, And the flick - 'ring shadows — soft - ly come and go.

low, are low,

Tho' the heart be wear - y, sad the day and long, — Still to us at twi - light

long, and long,

comes Love's old sweet song. — Comes Love's old sweet song. —

song, comes — Love's old sweet song. —

song, comes — Love's old sweet song.
